Dear Mayor Saum:

Thank you for your Sep 8, 2025, letter regarding the Rusty Allen Property Owners Association (POA) residential through the fence (RTTF) agreement at Lago Vista Airport (RYW).

The Federal Aviation Administration (FAA) still agrees that the City met P.L. 115-254, Section 185 exemption statutory requirements, and was not in violation of its grant assurances solely due to the deed. We also note the City finds the City and POA maintenance funding agreements have no bearing on legal access from POA properties with RTTF agreements to RYW movement areas.

We are concerned that the 2019 maintenance and funding agreement expired in 2024 without renewal, and that by not charging similarly situated rates to the RTTF users adjacent to the airport, the City may be engaged in unreasonable and discriminatory practices, placing undue burdens on users and tenants on the airport. We are also concerned and advise the City not to preclude current or future requests for on-airport aeronautical activities that may be inconsistent with the interests of individual POA members.

The City must resolve these two issues. Specifically, the City needs to ensure compliance with its federal grant assurances, including Grant Assurance 5, *Preserving Rights and Powers*; Grant Assurance 22, *Economic Nondiscrimination*; and Grant Assurance 23, *Exclusive Rights*.

These changes in comparable airport fees and future requests for on-airport aeronautical activities would ensure that the City is complying with the FAA Modernization and Reform Act of 2012, Section 136 of Public Law 112-95, as amended, and FAA policies on RTTF access agreements at federally funded general aviation airports. It will also assist RYW to increase

revenues to become financially self-sufficient. The FAA expects that the City will address our concerns that the POA could impede the City's ability to meet its grant assurances.

The FAA may reconsider our position or consider other issues as circumstances occur at the airport in the future. If you have any questions, please contact Dan Harmon, Director, TXDOT Aviation Division, at dan.harmon@txdot.gov or (512) 416-4505.

Sincerely,

Michael Helvey
Director
