NOTES:

We are pleased to report that the camera system at the refueling station at the airport has been completed and is working above expectations.

We have been rigorously testing the new .gov domain for our email and are happy to report that it is functioning normally. We will begin rolling the changes out in the next couple of weeks.

There were 101 help desk tickets created this month; this includes all Utility Estimate requests.

There were 80 Utility Estimate Tickets received this month
