4. Map data is from the Lago Vista Police Department – Dispatch Division.

## Introduction

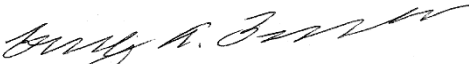

There are several significant matters to address in this month's report. At the onset of this month, the City's Code Enforcement Division underwent a transition, coming under the purview of the Police Department's supervision. Consequently, Code Enforcement statistics will now be incorporated into our department's monthly reports. We are actively engaged in the recruitment process for both Code Enforcement / Animal Control Officer positions. In the interim, our Patrol and Criminal Investigation Divisions have ensured a prompt and responsive approach to addressing citizen complaints within these domains.

This month has proven to be particularly fruitful in building relationships within our community. Notably, our department hosted a National Night Out celebration on the first Tuesday of October. The fundamental objective of National Night Out is to foster collaboration between law enforcement and the community in combating crime. This year's event was a block party and attracted substantial participation. We eagerly anticipate expanding upon this initiative in the future. Additionally, throughout this month, we actively engaged in various other community involvement opportunities, such as participating in the Trunk or Treat event at the high school.

Our department dedicated substantial efforts to several major projects during this month. Noteworthy among these endeavors is the commencement of the project to upgrade our radio system, Computer Aided Dispatch (CAD), and Records Management System (RMS). We have also collaborated with the Lago Vista Independent School District to finalize the Memorandum of Understanding (MOU) and logistical arrangements for the School Resource Officer position. Furthermore, our recruitment efforts for Dispatch, Code Enforcement, Animal Control, and Patrol have been in full swing. Lastly, we take great pride in successfully launching the new Police Department website, an integral component of the city's newly revamped website.

Training emerged as a focal point during this month. Chief Boshears and Captain Chrane attended the International Association of Chiefs of Police Annual Conference, where they both participated in multiple valuable educational workshops and engaged in productive networking opportunities with various vendors. Chief Boshears is an active member of the IACP's Small Department Section and the Community Policing Committee, which convened meetings during the conference. This occasion provided a platform to share with other law enforcement leaders the commendable initiatives of our department. Furthermore, we facilitated access for our officers to an online training platform that offers content focusing on officer safety, health, and wellness. We also hosted two training classes for Telecommunicators, focusing on Sexual Assault and Family Violence Investigations, with the participation of all our Telecommunicators. Additionally, several officers received training in investigating internet crimes against children.

In summary, this month has witnessed several commendable and positive developments within the Police Department. We are enthusiastic about building upon this positive momentum as we continue to work toward the overarching goal of delivering excellence in service to our citizens.
