

Monthly Report November 2023

Park & Recreation, Aviation

Aquatics, Golf Course Maintenance

- PNR- Sunset Park, there was a drainage problem from the restroom. A plumber was contacted and repaired.
- Aquatics- The original leak at the pool that was around the lights was repaired. Unfortunately, the repair failed. Staff contacted the contractor, and he has come back out and fixed the failure.
- Aquatics- Staff noticed another leak at the pool. This leak is not coming from the pool itself but from the well at the pumps. The staff has done its best to pinpoint the problem and has scheduled a plumber to do a pressure test to find the issue.
- Aviation- Recently we have had some questions about the fuel pumps not working correctly. Staff have tested the system and found the system is working correctly.
- GCM- Applied pre-emergent for POA and winter weeds on greens.
- GCM- Staff has replaced bed knives on Greens and Tee mowers for better quality of cut. Staff have also raised the cut of height to improve of turf over winter months.
