## Introduction

This month started the new year off with a great deal of positive momentum for the Police Department. We had several productive meetings with Motorola working on our new Computer Aided Dispatch (CAD) and Records Management System (RMS) projects as well as our radio upgrade project. While there is considerable work to do on both of these projects before they are online, we are excited about the direction in which they are headed.

Our administrative team was busy this month with working on our end of year reports and analyses for the 2023 calendar year. In addition to the department's second annual report and the required annual analysis of racial profiling data, for 2023 we have added a Response to Resistance Report / Analysis and a Vehicle Pursuit Report / Analysis. These reports and analyses are all completed and prepared as part of our department's commitment to transparency and continuous improvement in our operations.

Also, during this month, our School Resource Officer, Officer Quick, began his assignment working on Lago Vista ISD campuses. This assignment is going well, and Officer Quick has been very active in building relationships with students, parents, and staff at each of the various campuses.
