

## Monthly Report January 2024

### PNR / Aviation / Aquatics / Golf Course Maintenance

#### PNR (Parks and Recreation)

January presented various challenges with fluctuating weather conditions, including winds, freezing temperatures, and occasional warm days. Despite these challenges, the team effectively addressed issues and made improvements.

##### 1. Winterizing Facilities:

- Restrooms at Sunset Park faced issues during the winterization process.
- Prompt action by the staff resulted in the quick resolution of restroom problems.
- All facilities are now back to normal operation.

##### 2. Park Ambassador:

- The appointment of a Park Ambassador to Sunset Park has proven beneficial.
- Responsibilities include monitoring restroom cleanliness, trash disposal, safety checks on playground equipment, and providing assistance to park visitors as needed.

#### Aviation

##### 1. Fuel System Upgrade:

- A fuel display has been successfully integrated into the fueling system.
- Users can now monitor the gallons pumped during fueling for improved accuracy and convenience.

##### 2. Pilot's Lounge Maintenance:

- Flooring issues in the pilot's lounge have been addressed and repaired.

#### Golf Course Maintenance (GCM)

##### 1. Freeze Response:

- In response to freezing temperatures, the staff implemented measures to protect the greens from damage.
- Winterization of restrooms on the golf course and maintenance building was successfully completed.
